RECOMMENDATION

I recommend the following appointments to the Airport Commission:

1. John Salah: Mr. Salah currently works for Hewlett Packard as a Corporate Procurement and Travel Manager and is responsible for all areas of corporate business travel. He maintains memberships in various organizations associated with business travel which include, Silicon Business Travel Association, National Business Travel Association and the Association of Corporate Travel Executives, and brings with him the perspective of business travelers, who are vital to the health of our airport's economy.
2. Frank Sweeney: Mr. Sweeney is a retired journalist who reported on aviation and transportation. As a long time resident of San José, he has watched the transformation of the airport from a small local airport to the international airport it is today. Mr. Sweeney has great knowledge of the major issues involving airports, airlines, general aviation and related land use and community issues and would be an excellent addition to the Commission.
